

FOCUS712 SERIES FIBER CLEAVER

FOCUS 712 mini type high precision optical fiber cleaver is used for precision cutting single core fiber tool, suitable for FTTH optical fiber to the home. Cutting angle is smaller and more precise, do not need special skills. What's more, small size fiber cleave is easy to carry Under the condition of guarantee stability at the same time, more important is relatively affordable price.

The average cleave angle: 1.2 degrees
Blade end face: 16 face
Blade Life: more than 32,000 Fiber Core (1000 Fiber Core*16 End Face*2 Height)
Cleave length: 5-20mm
Optical fiber cladding diameter: 125μm
Coated outer diameter: 0.25&0.9mm
Dimensions: 73W*62D*56H(mm)
Weight: 200g
Blade model: RB-325
